

Who We Are

The Young European Meat Committee comprises interested and engaged European meat industry professionals.

YEMCo was founded over two decades ago and has since been the go-to resource for the industry's top young executives and managers from European commercial and industrial companies dealing with livestock and meat.

What We Are

A premier **European Networking platform** for people working in the European meat sector. This network will help you to get to know other like-minded professionals and share knowledge and experiences. Join us to work together across EU borders and to take advantage of EU-wide and global commercial opportunities.

A **forum** to examine the critical factors impacting the meat business (e.g. consumption pattern, retail, policy, law, technology, international trade, food safety etc.).

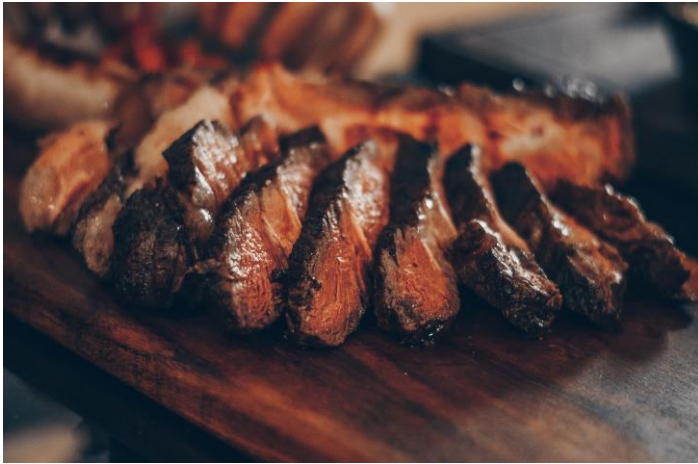

An **ideas lab** for creating strategies and frameworks for making the companies of members and the European meat industry more competitive and profitable.

Become A Member of YEMCo Today

- ✓ Free Membership – No age limit
- ✓ Join a network of more than 300 professionals working in the EU meat industry
- ✓ Get updated with European news on innovations and cutting-edge developments in the EU meat sector
- ✓ Join virtual networking and education events to upskill and develop your competencies
- ✓ Join discussions on EU meat policies affecting future leaders in the meat and livestock industry

YEMCo 
Young European Meat Committee

Networking Opportunities and Live! Meet Ups throughout Europe

As a Member of YEMCo, you will be invited to join a **broad spectrum of events** in the EU and beyond throughout the year.

From meeting informally at meat and livestock-related trade shows like **ANUGA** in Germany or **SIAL** in France, Members of Yemco will be able to organise their own events with the support of the European Livestock and Meat Trades Union (UECBV).

YEMCo leaders also feature prominently at the UECBV's flagship annual **General Assembly** event. This major conference is a must-attend to get updated on all the latest EU policy and law initiatives.

It is an excellent opportunity for future leaders to **meet and exchange ideas** to advance our industry.

Global Industry Visits

From the **USA** to **Latin America**, from **China/Japan** to **Australia**, or all across Europe, Members of Yemco are invited to join industry visits to explore how meat processing, meat and livestock trading and selling is done around the world, offering **unique perspectives and experiences** which meat professionals can use in their day to day work. **An exclusive opportunity for Members of YEMCo.**

Have Your Say

Influence **EU policy and law-making**, debate at UECBV meetings, create position papers and join other young professionals engaged at the EU level on policy matters. YEMCo is **Your Forum to Get Your Voice Heard.**

“Get involved and shape the future of the European Meat and Livestock Industry.”

No Age Limit! No Membership Cost!

To be clear, “Young” does NOT have an age limit for us. So, anyone who feels young in body, mind or spirit and/or who wants to support the future of the EU meat industry is welcome to join as a Member of YEMCo – for free.

I am ready! How do I join?

Great! Here is how:

To join us, email info@uecbv.eu and tell us you want to become a Member of YEMCo

We will ask you to

- ✓ show us how you are related to the EU meat industry
- ✓ demonstrate that you actively work in the meat industry
- ✓ invite you to join a [closed networking social media site](#) to stay up-to-date with the latest events, etc.
